**Excisions:**

Excisions Recommended But Not Made

**Reasons for excisions:**

Excisions to the publication are required in order to reduce the impact of degrading, dehumanising and demeaning sexual conduct, and treatment of material which degrades, dehumanises and demeans women participating in sexual activity. The feature and an extra component exhibits objectifying and controlling sexual conduct, and a manner of presentation, that is contemptuous of and dehumanising towards women.

**Summary of reasons  
for classification:**

The DVD entitled *Naughty College School Girls #36* is classified as:  
Objectionable.

The publication is a DVD comprising, primarily, an explicit feature that contains intense sexual activity. The entire first and third scenes are to be excised given the high extent and degree to which they depict degrading, dehumanising and demeaning sexual conduct. These scenes contain strong overtones of sexual violence as, in both cases, two men thoroughly dominate a woman during sexual activity and treat her in a contemptuous manner. The second scene requires an excision to remove controlling sexual activity, and the fifth scene an excision to remove a particularly degrading ejaculation sequence. Excisions to other components where this material appears, such as in the feature's opening sequence, the closing credits, and the Popshot Video Gallery, are also necessary.

Given the above factors, the Classification Office is of the opinion that the availability of the publication would likely be injurious to the public good unless specified parts of the publication were excised. If this material were excised, the explicit nature of the publication and the publication's character, purpose, and intended audience mean that it should be restricted to adults. This classification interferes with the freedoms set out in the New Zealand Bill of Rights Act 1990, but the outcome is a reasonable limitation and consistent with Parliament's intention. It reflects the concern of a free and democratic society to prevent the availability of publications that are likely to be injurious to the public good for reasons specified in s3(3) of the Films, Videos, and Publications Classification Act 1993.

In this instance the distributor chose not to make the required excisions and the publication is therefore objectionable.
